This diagram illustrates the assembly of a hydraulic system, showing various components and their interconnections. The components are numbered 1 through 39. Key parts include:

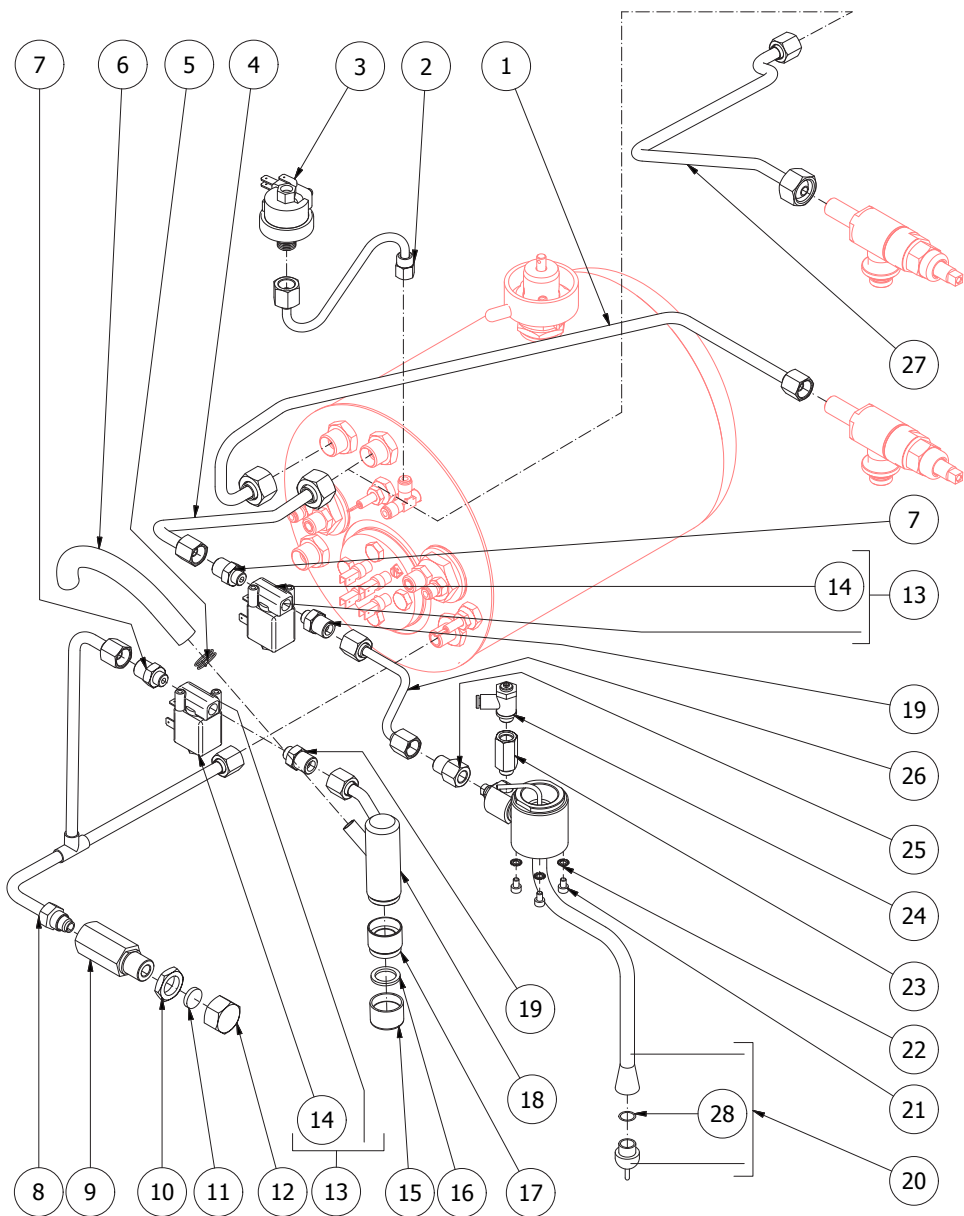

- Hydraulic Cylinders:** Two cylinders are shown, one at the top right (1) and one at the bottom right (33). A red circle highlights a sub-assembly of valves and connectors near cylinder 33.
- Hydraulic Pumps/Valves:** Several red components are highlighted, including a pump/valve at the top left (4), a pump/valve at the top right (2), and a pump/valve at the bottom right (34).
- Hydraulic Lines:** Various hoses and pipes are shown, including a braided hose (21) and a coiled hose (24).
- Connectors and Fittings:** Numerous fittings, elbows, and connectors are shown, including a large fitting (37) and a fitting (38).
- Other Components:** A pressure gauge (32) is shown, along with various seals, O-rings, and mounting brackets.

The diagram uses dashed lines to indicate the assembly sequence and the relative positions of the components. The components are numbered 1 through 39.
